The Great Wine Predicament

It's the end of the day and you are desperately in need of a good drink, but... there is no wine in your fridge, or in your wine rack. You don't even have the energy, the time or inclination to go to the bottle shop let alone search through their endless racks of wines - you've done that before and there are no guarantees of success anyway.

Goodness knows you've wasted too much money and spent too many nights drinking dud 'quaffers' that just don't hit the spot.

It's just all too hard, all you want is a relaxing and enjoyable glass of wine but without all the stress. And another thing, you're sick of dragging those heavy cases of wine in and out of your car, you just want them to magically appear on your front door step right? Surely that's not too much to ask? Sound familiar?

The Welcome Relief – A Wine Angel

Don't Panic... there is such a thing as a wine angel, it's The Wine Advisor! Every day The Wine Advisor unselfishly sets about tasting all the wines in those never ending wine racks, and then some more! Each month The Wine Advisor's search continues until it discovers the best of the best, the real deal, the affordable, the enjoyable, the reputation enhancing and friendship saving 'quaffer'!

Once discovered - The Wine Advisor packs the 'winning' wine and ships it direct to its ever-so-grateful customers' front doors and the relief can be heard from far and wide on delivery day. For the rest of the month the sound of gentle laughter, enjoyment and satisfaction is heard nightly as those astute Wine Advisor clients push their way home through the hustle and bustle, knowing full well a fabulous glass of wine awaits their arrival.
